

Our Goal Is Happiness

Let's face it, babies can be messy. That's why our motto is "*look cool when you drool.*" It can be expensive and hard to find quality baby goods that will last through all those endless washes. I created Wee Baby Quilts to provide practical and affordable products for real moms like you.

100% Satisfaction Guaranteed

While shopping with us, we want you to be completely happy with the experience. If you have questions about us, our products, or even shipping, get in touch! We hope you continue to shop with us for many years to come.

Sewn To Last

My grandson was my inspiration. I wanted to make something special for him that would last through his years as a baby. It all started with a quilt, and eventually I began making other goods.

Now I am happy to be making them for you!

our story

I make quality "Handmade" Baby Quilts & Baby Goods at affordable prices in a variety of colors and patterns. These quilts have been machine & hand sewn just like my grandmother used to do. I had been toying with the idea of purchasing a long arm machine that does all those fancy designs on quilt tops. So I had someone do a beautiful feather long arm design on one of my quilts. It was certainly beautiful, but lacked the fluffiness of a blocked quilt. Block quilting renders the quilt much softer than machine quilting. If it was good enough for my Grandmother, it's good enough for me. I will always treasure the memories of snuggling under one of her quilts.

My quilts are constructed of cotton fabrics and are always post washed. This gives me a chance to inspect the product after 1st wash and eliminates any surprises for you. I use warm & natural cotton batting because it does not come apart after washing like many others. All of my quilts & baby goods are made in a smoke-free environment. These quilts are made to be enjoyed for generations to come.

about me

I specialize in Quality Handmade Baby Quilts, Baby Blankets, Bibs, Burp Cloths and Bunting Banners. I am proud to be a Mom and Grandmother. I have been sewing for over 34 years and giving baby quilts as gifts. Finally, after many requests for products I created Wee Baby Quilts in July of 2016.
